

# The World is on Pause

By: Wayne Richardson

***Baseball on  
Pause -  
Harry Grove  
Stadium  
remains empty.  
Just in time for  
baseball Spring  
Training***

Parks on Pause -  
Just as the  
weather's getting  
warmer. It is very  
unfortunate that  
Baker Park is  
empty. Kids should  
be enjoying this  
time right now and  
they can't

**Downtown on Pause - When the weather is nice downtown Frederick is usually filled with people visiting the local shops and restaurants. But now the parking spaces along the streets are empty.**

**Education on Pause -  
This is supposed to be a  
time for year-end activities  
like prom, senior week and  
graduation. Instead, we  
have been denied  
opportunities for fun**

**Athletes on Pause -  
The basketball  
court would be  
filled with kids at  
this time. Instead  
they're sheltering in  
place. Summers  
coming. It's not a  
great time to be a  
kid.**

**Retail on pause -  
With the malls closed  
lots of people are  
missing out on their retail  
therapy.**

Dining on Pause - This is Avery's, a very popular local restaurant. This restaurant is usually packed to the brim any day of the week. And now it is only open for takeout

***Services on pause  
This is the local Auto  
Spa Express.  
Any sunny day of the  
week this place would  
be crowded with  
people who have  
memberships, like me.  
But now it is closed  
until further notice.  
And people's cars,  
especially mine, are  
left dirty***
